TERRITORY WILL NOT

PAY BILLS ON DEMAND

LOW STATE OF FUNDS CAUSES TREASURER TO ASK FOR TIME.

Payment of Taxes in November is Claimed Will Bring Relief and Restore Cash Basis.

For the first time since 1893, warrants against the public treasury in these islands will not be issued, payable on demand. The low state of funds in the strong box at the capitol has compelled Treasurer Lansing to notify the auditor that all warrants must be made payable thirty days after date of issue.

This policy will continue until further notice.

The reason for this course, as given by Treasurer Theodore F. Lansing, is that the demands upon the treasury have been unusually large this month on account of existing liabilities. Although taxes have been payable since September 1, payments have been coming in slow and will not increase until near the date of delinquency, which is November 15.

The session laws of 1898, act 29, gives the treasurer authority to meet an emergency of this kind and reads:

"Excepting moneys paid for the redemption of bonds of the national debt, and the interest coupons, and for interest on overdue warrants, and drafts against special deposits and for expenses of the Legislature no money shall be drawn from or out of the Treasury except upon warrants substantially in the form of Schedule B hereto annexed, issued from the Auditor's office. Every such warrant shall be signed by the Auditor or his Deputy, and shall be made payable upon such date as may be approved by the Treasurer to the order of the person or persons to whom the Government is directly indebted."

Mr. Lansing continued: "Bills will go through in regular form, but there will be a date of payment in each warrant, which will be thirty days after date when drawn."

"This is only necessary temporarily until the taxes come in, which will be on the 15th of November. I have arranged with the Auditor that warrants drawn now will be made payable on the 15th of November, and subsequent warrants one month from date of issuance."

"There is apparently quite a respectable balance in the Treasury. At the same time there are liabilities existing on outstanding warrants amounting to sixty and odd thousand dollars and interest on coupons falling due this month amounting to more than \$27,000. In addition to which we have been obliged to remit this week \$30,000 to London to provide for the payment of interest falling due there on January 1 next."

"After providing for these liabilities the probable balance at the end of this month would be so small that it is advisable to take advantage of the provision I have shown you in the Audit Act."

Mr. Lansing here obtained a statement from the Registrar, which, bearing the current receipts of this week, shows the Treasury balance of today.

Current cash balance Oct. 5:

Last Monday morning. \$230,528 85

Liabilities: warrants outstanding. \$48,608 85

Warrants issued this week. 19,659 44

Interest falling due. 27,442 25

Remitted to London. 30,000 00

Transferred from current to loan fund. 25,000 00

Balance. \$150,710 54

79,818 31

\$230,528 85

"The balance will be somewhat larger than the figures show," Mr. Lansing said, "because all the outstanding drafts will not be presented. This week's current receipts will also modify the statement."

The primary cause of the deficiency of funds is the heavy drain on account of the bubonic plague, the loss of the customs revenue and public improvements. The plague cost over \$700,000. The loss of revenue since June 13, 1900, on account of customs has been \$100,000 per month. The expensive public improvements were inaugurated in February and there was no other course open save to carry them to completion.

Cuts and Bruises Quickly Healed.

"For three days and nights I suffered agony untold from an attack of cholera morbus brought on by eating cucumbers," says M. E. Lowther, clerk of the district court, Centerville, Iowa. "I thought I should surely die and tried a dozen different medicines, but all to no purpose. I sent for a bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy and three doses relieved me entirely. I went to sleep and did not awake for eight hours. On awakening a few hours ago I felt so gratified that the first work I do on going to the office is to write to the manufacturers of this remedy and offer them my grateful thanks and say, 'God bless you and the splendid medicine you make.' This remedy is for sale by Benson, Smith & Co., general agents, Territory of Hawaii."
